

INNOMEDICA IS A YOUNG NANOTECH COMPANY with about 50 employees, a number of promising drugs in preclinical and clinical development and its own clean room production. The pipeline is based on a liposomal delivery system and includes in particular applications in the fields of neurology (new approach to treat Parkinson's disease) and oncology (chemotherapy).

For our Finance team in Bern, we are looking for a

Financial Accountant

In this position, you will oversee all financial transactions of the company and manage the company's financial reporting. Your job profile includes:

- Responsibility for the entire process from general ledger accounting to the preparation of annual reports and its audits
- Creditor and payroll processes
- Social security, tax, and pension declarations
- Selective projects (e.g. simplification and standardization of finance processes, introduction of reporting solutions, business analytics)

As prerequisites for this exciting role, we expect a relevant degree in e.g. Business Administration, Finance, or a comparable education that comes with accounting proficiency. You have already gained initial professional or project-based experience in Finance or Accounting and have a good understanding of financial reporting, budgeting, and forecasting. Your strong communication skills enable you to clearly present analyses and insights to internal teams, company management, and external stakeholders. You enjoy taking initiative, show entrepreneurial spirit, and thrive in a dynamic, fast-paced environment like our innovative start-up in the pharmaceutical sector. You work well both independently and as part of a team. Very good English skills complete your profile.

At InnoMedica, you can build a strong profile as a finance professional in a collaborative and innovative environment, playing a key role in shaping the financial foundation of a growing biotech company. With a diverse range of tasks, you will gain valuable insights and expertise across various areas in a short period of time. Additionally, we offer opportunities for professional development and access to company benefits.

Interested candidates are kindly requested to send their application documents in PDF format to Ms. Noëlle Haas, who can also be contacted for additional information by phone (058 521 35 01) or e-mail (hr@innomedica.com).
